

KITCHEN BATHROOM / HOME INNOVATIONS

THE KITCHEN SPECIALISTS

• DESIGN • BUILD • RENOVATE

Our mission at KITCHEN BATHROOM / HOME INNOVATIONS is to provide superior quality building renovation and construction work at all times. Our focus is on the client, blending their budget with their design needs, aesthetic requirements and site constraints to provide the ideal solution. We pride ourselves on our uncompromising approach to both quality and client service. KBHI provides a one-stop solution for renovations and building / construction management.

THE KITCHEN SPECIALISTS

The kitchen is the heart of the home and the team at KBHI can turn your dreams and ideas into beautiful and affordable kitchens. We will co-ordinate your kitchen renovation from start to completion ensuring all trades such as plumber, electrician, tiler, plasterer and cornice works can all be organised which will make the renovation process flow smoothly.

We will provide you with a creative and functional kitchen design and offer a high level of professional service. All our kitchens are made locally in Burleigh Heads by our highly skilled cabinet makers using the best quality products and finishes. We endeavour to source Australian-made components where possible and will ensure that all our products conform to Australian standards.

If a new kitchen is not required we are able to tailor a renovation option to suit your needs, from a simple bench-top rejuvenation to retro fitting cabinetry with storage options and replacing appliances such as cook tops and range hoods. A KBHI renovation utilises as much of your existing structures as practical. This not only helps to lower costs, but also means your newly transformed area can be ready faster.

At KBHI we can offer much more than just a new kitchen. If you require building works, walls and windows removed or installed, we are fully licenced to provide this service to you. We are fully licensed in Queensland (QBCC 1304645) and this confirms our knowledge and commitment to our industry and our customers.

We pride ourselves on offering a service to guide customers through the daunting task of a kitchen renovation. From the bench top, through to beautiful selection of door finishes and an amazing selection of componentry and lighting ideas - we are here to help you.

Call us today on (07) 5522 1570 or visit us at our showroom at Unit 3, 32 Junction Road, Burleigh Heads
